

## Download and Install Write-N-Cite on Your Computer

Write-N-Cite is a RefWorks utility that works with Microsoft Word (Word) to include references in the papers as you compose them. Write-N-Cite will print bibliographies of your RefWorks references even if you do not use them with a paper. **Write-N-Cite utility is not yet available on public workstations at the UGA Libraries.**

To use Write-N-Cite on your personal computer, you must first download and install the software:

- Log in to your RefWorks account
- Select *Tools > Write-N-Cite*
- Click on the relevant link

**Download Write-N-Cite**

To use Write-N-Cite with RefWorks you must download a small utility program to your computer.

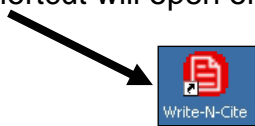

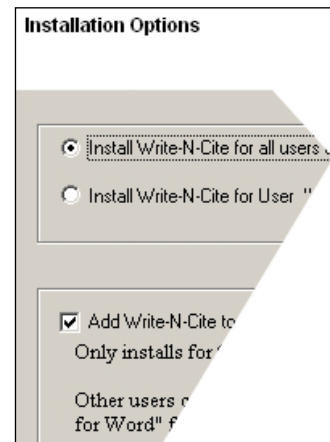

For the Windows version, [click here](#) to start the download (336K).

For the Mac version, [click here](#) to start the download (199K).

**Starting Write-N-Cite**

After you have installed the Write-N-Cite program, open it from within Word by clicking the toolbar icon or by selecting it from the Tools drop down menu. You can also launch the program from the Write-N-Cite icon on your desktop or by clicking on the Start menu and selecting RefWorks from All Programs. If you launch the program from the desktop icon or the Start menu, it automatically opens a copy of Word for you.

- Save software
- Run Software. At the following screen, select *Install Write-N-Cite for all users of this Computer*
- Click *Next* and follow through to install through to *Finish*
- A dialog box may open: *Start Write-N-Cite Now?* Click *No*.
- A shortcut will open on your desktop

**Installation Options**

Install Write-N-Cite for all users of this Computer

Install Write-N-Cite for User "..."

Add Write-N-Cite to the Start menu

Only installs for "..."

Other users of "..." can also install Write-N-Cite for Word" f...

The next time you open Word, you will see the Write-N-Cite toolbar. It may be floating in a new document or it may be docked with the other toolbars. If you do not see the toolbar, go to: *View > Toolbars >* click on *Refworks*.
